**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In my neighborhood there is only one provider of broadband, and it is slow and expensive. And this is in the Bay Area, the tech capital of the world! A few competitive providers are entering the market to install fiber networks at the same prices as current coverage. Please allow them to compete! There's no reason we should be stuck with underperforming, over-priced offerings if the market forces would allow others to enter competitively.

Thank you.
